# **BCMITEES ANALYSED ARCHAEOLOGICAL SITES**

To enlighten students about the historical development of human culture, BCM school, Chandigarh Road, Ludhiana conducted numeral activities on the theme 'Archaeological Sites' under British Council for the students of classes VI, VII & VIII during the month of August 2022. The expert acquainted the young minds with different archeological sites of the countries like India, Nigeria and Italy with the help of a PPT and a couple of videos. The students also broaden their horizons with everything from how and when people first came to the earth, how they have lived, examining the changes and causes of changes that have occurred in human cultures over time. Thereafter, the young minds of classes 6 exhibited their knowledge by making 'Collage' on the theme understudy. The students of class 7 showcased their knowledge & technical skill by making PPT on the topic. The young artists of Class - 8 came up with very different & innovative ideas in making Models of archaeological sites. This activity intensified students' knowledge of the formation of the archaeological record and acquire skills to conduct archaeological excavations.
