

BRITISH COUNCIL ACTIVITY – 2

THEME- DISPOSAL OF GARBAGE

COUNTRIES- INDIA, NIGERIA, JAPAN

MIDDLE SECTION

MONTH- JULY

BCMITES PLEDGE TO REDUCE WASTE

To promote responsible waste habits among students and make them environmental protectors BCM School, Chandigarh road, Ludhiana conducted a plethora of activities on the theme 'Disposal of Garbage' under British Council during the month of July. The subject experts acquainted the the young minds of class-VI,VII&VIII with separating, reducing, reusing, recycling and composting waste safely with the help of PPT and videos. They also informed the amount of solid waste in the countries like India, Japan & Nigeria with the help of pie chart and bar graph . After getting equipped with the knowledge the budding artists of classes VI used waste papers and made beautiful 'Paper Mache' . The budding artists of Class - VII tried their hands at ' Best out of waste' and made new attractive things out of the material that is of no use.The students of Class – VIII exhibited their technology skill and the knowledge of the topic understudy in 'PPT Making Competition' This activity helped the students to improve problem-solving and reasoning skills. They got an opportunity to understand more about the environmental needs and ways to reuse them instead of wasting them.

MEDIA REPORT

बीसीएम स्कूल में कार्यक्रम के दौरान विद्यार्थी • सौ. स्कूल

छात्रों को बताया कचरे से खाद बनाने का तरीका

जासं, लुधियाना: बीसीएम स्कूल चंडीगढ़ रोड में कचरे का निपटान विषय पर कई गतिविधियां करवाई गईं। कक्षा-छठी, सातवीं और आठवीं के छात्रों को पीपीटी और वीडियो की मदद से कचरे को अलग करने, कम करने, पुनः उपयोग करने

तरीकों से परिचित कराया। इसके बाद छठी कक्षा के उभरते कलाकारों ने बेकार कागजों का उपयोग करते हुए सुंदर चीजें बनाईं। कक्षा-सातवीं के उभरते कलाकारों ने बेकार सामग्री से नई आकर्षक चीजें बनाईं। इस दौरान सभी छात्रों ने कचरा कम करने

MEDIA REPORT

BCM SCHOOL, CHANDIGARH ROAD

Students from Class VI to Class VIII of BCM School, Chandigarh road, Ludhiana, were told about separating, reducing, reusing, recycling and composting waste safely with the help of videos and a presentation. They were further told about the amount of solid waste in countries like India, Japan and Nigeria. Later, students of Class VI made 'papier mâché' from waste papers while Class VII students tried their hands at making things from waste material and objects. Students of Class VIII exhibited their knowledge on the subject during a 'PPT Making Competition'.
