

British Council International Collaborative Activity - 5

Culture around the World

“The beauty of the world lies in the diversity of its people.”

Cultures provide us with the values and diversity of the world around us. The modern Day global economy is a potpourri of diverse cultures, etiquettes, ideas, customs and social behavior. We all are living in the age of Globalization. Following the way of unique cultures also opens the door to exploration. Each country has its own cultural traditions that identify their heritage and makes them uniquely different. Culture encompasses religion, food, attires, language and is different around the world. Learning about other cultures can help children better understand and appreciate the differences among individuals in terms of their beliefs and practices. Students can also learn early about respecting other people’s beliefs and practices. So the activity ‘Culture Around the World’ enables the students to comprehend its cultural diversity.
