Monthly report for Month of November

The Career Cell organized several insightful sessions during the month aimed at providing valuable guidance to students across different grades. The sessions covered a diverse range of career paths, from liberal arts and science to design, stream selection, and a collaborative science exhibition.

Session 1: Careers in Liberal Arts & Science

Speaker: Mr. Parth Singh Chauhan, Deputy Manager, Ashoka University Delhi.

Target Audience: Grade XI

Overview: Mr. Chauhan shared valuable insights into career opportunities in liberal arts and science, shedding light on the various paths available for Grade XI students.

BCM School, a leading institution in the field of education, was honoured to host two enlightening sessions on "Careers in Liberal Education" & "Careers In Design" on November 7th and 8th, 2023. The sessions featured distinguished speakers, Prof. Bulbul Chaudhary, Director and Vice-Chancellor of Atlas University, and Mr. Parth Singh Chauhan, Deputy Manager at Ashoka University, who shared their valuable insights and guidance with the school's students. Prof. Bulbul Chaudhary, a visionary leader in higher education, delivered an inspirational keynote address on Careers in Design. She highlighted the importance of Design education in fostering critical thinking, interdisciplinary learning, and holistic personal development. Prof. Chaudhary encouraged students to explore a wide range of subjects, emphasizing that liberal education opens doors to diverse career opportunities. Mr. Parth Singh Chauhan, Deputy Manager at Ashoka University, shared his expertise on the practical aspects of pursuing a career in liberal education, shedding light on the various academic and professional pathways available. Mr. Chauhan emphasized the significance of lifelong learning and adaptability in today's dynamic job market. Prof. Bulbul Chaudhary and Mr. Parth Singh Chauhan left an indelible mark on the students of BCM School. BCM School is committed to providing its students with access to valuable learning experiences and career guidance. Principal Mr D.P Guleria extended his heartfelt gratitude to Prof. Chaudhary and Mr. Chauhan for their contributions to the students' academic and personal growth.

Session 2: Careers in Design

Speaker: Prof. Bulbul Chaudhary, Director, Atlas University Mumbai.

Target Audience: Grade X

Overview: Prof. Chaudhary provided an in-depth exploration of careers in design, offering students a comprehensive understanding of the field and its potential.

Embrace the Future of Design Careers! Prof. Bulbul Chaudhary, the esteemed Director & Pro Vice Chancellor at Atlas University, Mumbai, illuminated the path to success in the design industry during an enriching session at BCM School. Inspiring students with insights and wisdom, Prof. Chaudhary delved into the endless possibilities in the world of design, offering a roadmap to diverse career opportunities. From graphic design to architecture, discover the multitude of avenues waiting for passionate minds. The session was a gateway to understanding the evolving landscape of design, guiding attendees towards a future filled with creativity, innovation, and boundless prospects.

Session 3: Navigating Your Career: Informed Stream Selection

Speaker: Ms. Nidhi Vij, Manager, SIEC

Target Audience: Grade IX

Overview: Ms. Vij conducted a session focused on helping Grade IX students navigate their career paths by making informed choices during the crucial stream selection phase.

BCM School, played host to a significant event aimed at guiding Grade 10th students in making informed decisions about their academic paths. The session, titled "Navigating Your Future: Making Informed Stream Selection," was conducted by Ms. Nidhi Vij, General Manager at SIEC. Ms. Nidhi Vij, an accomplished expert in education and career counselling, led an engaging and informative discussion. The session was designed to empower students with the knowledge and insights necessary for making sound decisions about their academic streams and future career paths. Mr. DP Guleria, Principal of BCM School, extended his full support and encouragement to the students, urging them to actively participate in the session. Recognizing the significance of informed stream selection in shaping students' futures, he emphasized the school's commitment to providing holistic guidance to students at every crucial juncture. The session was a resounding success, with students expressing gratitude for the invaluable insights they gained. BCM School remains dedicated to providing holistic education and guidance that equips students for a successful and fulfilling future.

Session 4: Science Exhibition

Collaborators: Chandigarh University and National Council of Science and Technology Innovation

Target Audience: Grade IX-XII

Overview: A collaborative science exhibition was organized, showcasing the innovative contributions of students from Grade IX to XII. The event aimed at promoting scientific curiosity and creativity. The primary objective of the exhibition was to provide students in Grades IX to XII with a platform to showcase their scientific acumen and innovative projects. The collaboration aimed to create an environment that fosters scientific curiosity, critical thinking, and collaboration among students. The exhibition saw enthusiastic participation from students across Grades IX to XII. The participants presented an impressive array of projects spanning various scientific disciplines, reflecting their diverse interests and talents. Students experienced a wide spectrum of projects, ranging from physics and chemistry experiments to biology research and innovative technological solutions. The diversity of topics showcased the multifaceted interests and skills of the participants. Many projects demonstrated an interdisciplinary approach, highlighting the integration of knowledge across multiple scientific domains. This showcased the students' ability to connect different fields and apply a holistic understanding to their projects. Several exhibits featured

interactive elements, allowing visitors to engage with the projects directly. This hands-on approach enhanced the learning experience for both participants and the audience.

Session 5: Hospitality Career Opportunities

Speaker: Ms. Shalini Gumber, Regional Director, Indian School of Hospitality

Target Audience: Grade XI

Overview: Ms. Gumber led a session exclusively for Grade XI students, providing insights into the diverse career opportunities within the hospitality industry.

BCM School recently organized an enlightening session on careers in Hospitality and Culinary Arts, conducted by Ms. Shalini Gumber, Regional Director of the Indian School of Hospitality and Culinary Arts. The event aimed to provide students with insights into the exciting and dynamic world of hospitality and culinary arts, opening doors to promising career paths. Ms. Shalini Gumber, a seasoned professional in the hospitality industry, shared her vast knowledge and experience with the students, shedding light on the various opportunities and challenges in the field. Her engaging presentation covered topics such as trends in the industry, the importance of skill development, and the diverse career paths available in hospitality and culinary arts. The session was well-received by both students and faculty, with participants expressing their enthusiasm for exploring careers in this vibrant industry. Principal Mr. DP Guleria expressed his appreciation for the informative and impactful session for students. This session has undoubtedly ignited the curiosity and aspirations of our students. The school is committed to providing holistic education that extends beyond traditional academic subjects, and this session is a testament to that commitment. By exposing students to various career options, BCM School aims to empower them to make informed decisions about their future.

Celebrating Excellence in Design Exploration at BCM School!

We are proud to extend our heartfelt congratulations to the brilliant students of BCM School for their outstanding participation in the insightful session on careers in design organized by Atlas University, Mumbai. The felicitation ceremony is a testament to the incredible journey of knowledge and creativity embarked upon by our students.

The session on careers in design, hosted by the esteemed Atlas University, provided a platform for these budding talents to explore the vast and dynamic world of design.

We take immense pride in acknowledging the achievements of our students who actively participated in the session. Their dedication, enthusiasm, and passion for design have truly set them apart.

Session 6: All India Counsellor's Meet in Plaksha university Mohali.

Ms. Tarveen attended the Plaksha Counselors Meet, where sessions revolved around the advancement of undergraduate programs. Corporate partnerships at Plaksha were discussed in sessions led by Mr. Hitesh Oberoi and Zumi Oberoi, providing an additional dimension to counseling. The session by Vice Chancellor Dr. Rudra Pratap was particularly noteworthy, offering valuable insights and contributing to the overall excellence of the event.

The Career Cell's monthly sessions offered students a holistic perspective on various career paths, aiding them in making informed decisions about their futures. The diverse range of topics covered allowed students to explore and understand the multitude of possibilities available to them. The collaborative efforts with esteemed institutions and industry professionals contributed significantly to the success of these sessions. Looking forward to more engaging and informative sessions in the coming months.
