It's holiday time,
That great time of year,
Recalling good times
With those near and dear.

You're special to us
All the year through.
You're often in our thoughts;
Happy Holidays to you!

With summer vacation round the corner let us gear up ourselves not just to relax but also to channelise our energy in creative and constructive ways. It is the time to give wings to our imagination. It is the time of the year when we can do things which we are unable to do during the regular routine days.
