

## **British Council International Activity-7**

**Month: December 2021 (Kindergarten)**

**Theme: Monuments of India & Canada**

“ It is better to see something once than to hear about it a thousand times ”

Monuments are the buildings or structures , famous for the architectural and cultural heritage . Monuments remind us of our heritage . They are like a treasure for the nation , symbol of pride and the civilization . Monuments are the wonderful reservoir of knowledge for the students . Continuing with the British Council activities and embedding internationalism into school curriculum, BCM School, Chandigarh Road organised “Expert Talk” for its tiny tots in Kindergarten. Comprehensive knowledge of worldwide famous monuments in India and Canada was imparted by expert faculties, through powerpoint presentation. LKG students showcased their learning skills by actively participating in “Muddle & Clutter” activity where the kids prepared beautiful collage on monuments in countries under study. “Mind Scribble” contest was organised for the students of UKG. Kids participated with full zeal & zest. This activity was also shared with the students of our partner school in Canada. Blooming buds living at extreme edges of the world were enthusiastic to know about the monuments constructed at far off locations. This activity generated interest in historical buildings and develops observational skills among the students .

Tiny tots being conversant with the monuments of India and Canada.

Young BCMites showing their skills with multi-dimensional design pattern and compositions through Muddle and Clutter Activity.

Children seemed to be delirious after accomplishing the task

# Mind Scribble Activity

# Congratulations!

# Peers in partner school, Canada enhancing their knowledge

### Tiny Tots of BCM get international exposure

**LUDHIANA :** To provide International exposure to the tiny tots BCM Kindergarten, Chandigarh Road, organised British Council International activity. The students of LKG and UKG were acquainted with the "Monuments of India and Canada" through a powerpoint presentation and were also made familiar with the location and years of their establishment. In "muddle and clutter" activity, the LKG students prepared a beautiful collage by pasting different pictures of the monuments. Mind scribble contest was also organised. Headmistress Ritu Syal distributed prizes to the winners. Principal DP Guleria appreciated the efforts of the teachers and the students.
