Mango Mania Meets Yellow Fun: A Joyful Celebration

Ludhiana | May 17, 2025 – The Foundational Stage at BCM School, Chandigarh Road, came alive with vibrant hues and cheerful energy as students celebrated “Mango Mania Meets Yellow Fun” with great enthusiasm.

The event turned the school's crush halls into a sunny paradise, beautifully decorated with yellow-themed corners that radiated joy and excitement. The celebration was a sensory delight, blending fun-filled activities with hands-on learning experiences.

Creative activities were tailored to each level—Nursery students painted adorable ducks using earbuds, while LKG students engaged in a tearing and pasting activity to make charming mango-themed artwork.

The celebration extended to older students as well, who participated in drawing, colouring, and calligraphy activities focused on yellow fruits, vegetables, birds, and objects, enhancing their artistic expression and fine motor skills.

The day was a wonderful blend of fun, creativity, and collaborative learning, leaving behind a trail of happy memories for students, teachers, and parents alike.

Insightful TED Talk on Gaming

The school organized an engaging TED Talk for Grade 11 students on the thought-provoking topic 'Gaming and Its Effect on the Brain.' The session aimed to foster awareness among students about the psychological and neurological impact of gaming in today's digital era.

The speakers captivated the audience with facts, research findings, and relatable examples, shedding light on both the positive cognitive benefits of gaming—such as enhanced problem-solving and coordination—and the potential downsides, including addiction and reduced attention span.

Students enthusiastically participated sharing their perspectives and clearing doubts. The event successfully encouraged critical thinking, digital responsibility, and balanced media consumption among the youth.

Thought of the Day:

"Your mind is a garden. Your thoughts are the seeds. You can grow flowers, or you can grow weeds."

Health Tip of the Day:

Get at least 7–8 hours of sleep each night. Quality sleep boosts memory, mood, and overall health.
