## **Saturday Synergy: A Day of Learning, Leadership, and Collaboration for Faculty**

The School observed a vibrant and purposeful Saturday on July 12, 2025, dedicated to faculty development and collaboration. The day was thoughtfully planned with a series of activities aimed at fostering academic excellence, enhancing professional skills, and strengthening team coordination among staff members. Each session was designed to enrich the teaching-learning process while promoting a culture of continuous growth and shared responsibility.

The day commenced with an interactive session on "Strategies for Academic Excellence". A meeting by academic Coordinators was first conducted with the Heads of Departments (HoDs), equipping them to further guide their respective teams. This was followed by an extended session involving both HoDs and faculty members, where educators engaged in meaningful discussions on refining teaching methodologies, sharing best practices, and implementing innovative classroom strategies to boost student performance.

Later, club meetings and house meetings were held among the teacher coordinators to review progress, plan upcoming events, and streamline co-curricular activities for better implementation in the coming months.

The schedule concluded with a highly informative fire safety training session conducted by Mr. Neeraj, where staff members were briefed on essential safety protocols, fire extinguisher usage, and emergency preparedness.

This well-rounded Saturday program reflected the school's commitment to continual professional enrichment, collaborative culture, and operational readiness.

# Alumni Connect

## BCM STUDENT ALUMNI TUSHAR EMPOWERS FUTURE INNOVATORS THROUGH HIS STARTUP

We are proud to share the success story of our esteemed alumni, Tushar Bansal who is making remarkable strides in the entrepreneurial world. As the founder of a registered startup under MSME, National Career Service (Ministry of Labor and Employment), and AICTE, Tushar is dedicated to transforming student potential into professional success.

His venture, focused on career counseling and upskilling across a group of institutions, recently welcomed seven of our talented students for a dynamic internship program. The students gained hands-on experience in:

- Digital Marketing
- Graphic Designing
- Design Thinking
- Financial Literacy

Through this enriching internship, students were exposed to real-world applications of their classroom learning, nurturing both their skill sets and career clarity.

Participation certificates will be awarded to all students, acknowledging their dedication and contribution to the program.

We are proud of Tushar's efforts to give back to the student community and foster a culture of innovation, leadership, and continuous learning.

## BCM BEGINS MICROSOFT SHOWCASE SCHOOL JOURNEY

BCM School, Chandigarh Road, took a significant step toward becoming a Microsoft Showcase School by organizing a special training session for IT educators.

Facilitated by Ms. Tarveen (Head Outreach) and Ms. Shelly, the session guided teachers through the MIE (Microsoft Innovative Educator) nomination process and practical use of Microsoft tools in classrooms.

A key focus was on integrating Artificial Intelligence in education and aligning with the strategic goals of the Showcase School program.

The session brought together Computer Science educators from across BCM branches, fostering collaboration and a shared commitment to innovation in education.

## BOOK PRESENTATION

### “The Soul Must Go On” by Malcolm Thorogood

An engaging book review session was presented by Ms. Neelam Malhotra on *The Soul Must Go On* by Malcolm Thorogood.

Ms. Malhotra provided deep insights into the book's powerful themes of resilience, spiritual awakening, and emotional strength. She appreciated the author's narrative style and his ability to connect with readers through a message of hope and healing. The session concluded with an interactive discussion where participants shared thoughts and personal interpretations.

The event served as a meaningful literary experience, inspiring the audience to delve deeper into reflective reading and personal growth.

# Campus Connect

## From Insight to Impact

The day commenced with a Teacher Training Session on 'Assessment of Personality', was conducted by the Headmistress Ms. Ritu Syal. The session aimed to enhance teachers' understanding of students' personalities to foster better classroom interaction and holistic development. After that, teachers participated in a hands-on session on Interactive Panel Working, led by Ms. Sonali, which equipped them with practical skills for digital classroom engagement.

The next session focused on the discussion and planning of diverse pedagogies for interactive teaching, along with strategies for upcoming celebrations and activities.

The day concluded with time allotted to pending and miscellaneous tasks, ensuring smooth functioning ahead.

The entire schedule reflected a perfect blend of professional development and collaborative planning, reinforcing the school's commitment to quality education and innovative teaching practices.

## Passing On the Learning

Academic and activity coordinators of BCM School, Chandigarh Road, who recently attended the AScent Leadership Programme, took the initiative to share their learning by training teachers across their respective wings on Saturday.

The sessions focused on understanding the sixteen personality types, fostering self-discovery, and enhancing awareness of the diverse personalities of students, parents, and colleagues.

This collaborative effort aimed at building stronger interpersonal connections, encouraging empathy, and promoting a more inclusive and effective teaching environment.

## UPNEET KAUR AND ELINA BRING LAURELS TO THE SCHOOL

USPC School, Jamalpur, Ludhiana, successfully hosted the Model United Nations (MUN) Conference 2025 on the theme "Cybersecurity, International Cooperation, and Global Peace." The event saw participation from seven leading schools of Ludhiana, fostering meaningful global dialogue among young delegates.

Representing BCM School, students Upneet Kaur and Elina participated with great enthusiasm and preparation, securing the Second Prize in the overall competition.

Upneet Kaur took on the role of General Speaker, while Elina was honoured as Research Analyst for her outstanding analytical contributions.

The event was a valuable platform for enhancing their leadership, public speaking, and global awareness. Congratulations to both students and their guiding teachers, Ms. Preeti Seth and Ms. Jyoti Khera!

### Thought of the day:

*"The only way to do great work is to love what you do." – Steve Jobs*

### Health tip of the day:

*Take short breaks during screen time – follow the 20-20-20 rule: every 20 minutes, look at something 20 feet away for 20 seconds to reduce eye strain. 🧐💻*

**Editor and Co-ordinator: Ms Sanskriti Verma(PGT Mass Media)**
