

## BCM Kindergarten Chandigarh Road

### British Council International Activity - IV

Dear Parents

Greetings from BCM Family!

This is to inform you that with the purpose of embedding internationalism into school curriculum, KG Section of BCM School, Chandigarh Road, is going to organize **British Council International Activities from 18<sup>th</sup> September 2019 to 22<sup>nd</sup> September 2019**. The students will be given comprehensive knowledge about the “Festivals” in India & Canada through Power point Presentation and by displaying charts on display boards. The knowledge gained by the students will be assessed. LKG class students will fill “learning with fun worksheets” & UKG class students will present the topic through “Let’s Tweet”. This will help young BCMites to grow as global citizens. The same activity will also be performed by the students of our partner school in Canada. Students will have a great learning experience.

We seek your cooperation in adding International Dimension to Education.

Regards

BCM Family
