ISA JOURNEY OF OUR SCHOOL (SENIOR WING)

Dedication Leads to Success

We at BCM School aim at imparting quality education to inculcate universal values and developing global vision so that each child takes initiative for global peace. Being an aspirant of International school Award by British Council was a stepping stone towards our aim. We are happy for getting recognition by British Council. ISA journey reinforced our faith in the maxim, 'Together we can and we will!'

ISA Activity - 2 "Meritocracy in United Nations" developed global competence & confidence in our students and staff and educed our talents and potentials. Our students were enthusiastic during multifarious tasks undertaken during the session.

It revived the faith of the BCMites in the human spirit and also showed them a way that how they can bring a change together, to vision a new perspective of life for a peaceful world. It escalated public speaking, critical thinking, teamwork, leadership and

problem solving abilities in our pupils. It not only increased their knowledge and understanding about the working of United Nations but also gave them exposure to rich learning experiences that helped them to extend their horizon beyond classroom learning.

Our journey to ISA has been extremely gratifying and enriching which enabled us to explore new teaching-learning patterns. There were various touching points that have shaped & influenced even my perspectives on leadership as well as on teaching learning strategies. I felt peaceful to see our students brimming with confidence and burgeoning.

It was a good learning experience for students as well as teachers. It has been a journey of exploration, evolution and achievement for the school. Being decorated with International School Award by British Council is another milestone in the school's journey towards excellence.
