

**BRITISH COUNCIL ACTIVITY - IV**  
**MONTH: OCTOBER – 2019 (MIDDLE SECTION)**  
**‘NATURAL RESOURCES AND VEGETATION’**  
**(INDIA, CANADA & NIGERIA)**

**“Vegetation is the basic instrument the creator uses to set all of nature in motion”**

Making the budding minds a lover of nature, the middle wing organised ‘An Expert’s Lecture’ under British Council Activity on the topic ‘Natural resources and vegetation’. The expert, Ms. Pushpa Angrish (TGT- Social Studies), familiarized the students of class VI with Natural resources and vegetation in India, Canada and Nigeria with the help of a PPT. The budding artists of classes VI & VII located the areas having different natural resources like coal, Oil & natural gas and vegetation in the countries under study , exhibiting their critical and abstract thinking skills. The promising artists of class VIII wrote and drew stories in an accessible and engaging manner detailing the theme after the qualitative research across a variety of Natural resources and vegetation in the countries under study. The young minds were also encouraged to care for them and conserve them. They took it as their responsibility to avoid wastage of our natural resources.

LUDHIANA | TUESDAY | 29 OCTOBER 2019

### ACTIVITY ON NATURAL RESOURCES

BCM School, Chandigarh Road, organised a map activity on natural resources and vegetation under the British Council with the aim to bring out critical and abstract thinking skills of its students. The budding artists of Class VI and VII located the areas having various natural resources such as coal, oil and natural gas, and vegetation in countries namely India, Nigeria and Canada. This activity helped students to improve problem-solving and reasoning skills. This built students' self-sufficiency and confidence. It also instilled their desire to learn more about places on the map than just their names. They got an opportunity to understand more about the economic and social features of a country, in addition to gaining geographical knowledge.

### Students write stories on natural resources

Students of BCM School, Chandigarh road, created stories on the topic 'natural resources and vegetation' under British Council activity. The promising artists of Class VIII created story boards. They carried out qualitative research across a variety of natural resources and-vegetation in the countries like India, Canada & Nigeria. This activity helped them to practice self-discipline and develop creativity in different aspects

of life. It also helped them to develop new ideas. This activity also helped in developing super realistic and fantastical skills. Their

responses to the feelings of the characters in the stories truly gave their idea of how they felt about certain situations and emotions.
