## CELEBRATING THE GENIUS OF NUMBERS:

# GANIT WEEK 2025

The Middle Wing enthusiastically celebrated Ganit Week to honour the birth anniversary of the legendary mathematician Dr. Srinivasa Aiyengar Ramanujan. Students participated in a variety of Zero Period activities on December 5, 2025, making the celebration lively and engaging. Class VI created impressive tangram pictures and Fraction Walls, while Class VII enjoyed a stimulating Sudoku Challenge and represented rational numbers on the number line. Class VIII showcased their skills through the Mathabola activity and calculated the total surface area of a cylinder using a rectangular sheet. A Maths Quiz was also conducted, beginning with all students and progressing through two competitive rounds. The final winners were Lavanya (VI B), Vivaan (VII C), and Aaradhya (VIII C). The celebration reflected students' creativity, teamwork, and enthusiasm for mathematics.

## FOUNDATIONAL STAGE OBSERVES INTERNATIONAL MOUNTAIN DAY ALONG WITH LIFE SKILLS ACTIVITIES

The Foundational Stage of BCM School, Chandigarh Road, celebrated International Mountain Day alongside a series of Life Skills Activities, offering Nursery, LKG, and UKG students an enriching blend of environmental learning and practical skill development.

To build awareness about mountains and their importance, children participated in creative art-based tasks. Nursery students crafted snowy mountains using popsicle sticks, LKG students drew and coloured mountain scenes, and UKG learners prepared detailed posters featuring rivers, trees, and snow-capped peaks. These activities helped nurture creativity, observation, and an appreciation for nature.

Complementing the celebration, Life Skills Activities were conducted to enhance fine motor skills and independence. Nursery students practiced zipping and unzipping, LKG children engaged in pea pod peeling, and UKG students took part in potato peeling and pea shelling. These hands-on experiences strengthened coordination, concentration, and self-reliance.
