LITTLE HEARTS, BIG VALUES: FOUNDATIONAL STAGE BRINGS 'A TALE OF KINDNESS' TO LIFE

Foundational Stage conducted a heart-warming story dramatization titled 'A Tale of Kindness', centred on Kindness – the Value of the Month. The activity witnessed enthusiastic participation from teachers and students of Nursery, LKG, and UKG.

The young learners presented an engaging enactment that beautifully conveyed the virtues of sharing, empathy, compassion, and helping others. Through expressive dialogues, simple actions, and lively performances, the children reflected how small acts of kindness can make a big difference in everyday life.

The dramatization not only reinforced moral values in an age-appropriate and joyful manner but also provided a meaningful platform for students to develop communication skills, self-expression, and stage confidence. Teachers played an instrumental role in guiding and encouraging the students, making the learning experience interactive and impactful.

The initiative proved to be a delightful blend of learning and creativity, leaving a lasting impression on young minds and strengthening the school's commitment to value-based education from the foundational years.
