FOUNDATIONAL STAGE ORGANISED LITERACY ACTIVITY: 'CH' SOUND WORDS

The UKG learners at Foundational Stage participated in an engaging literacy activity focused on 'Ch' sound words. Students were introduced to words such as chair, cheese, chalk, cherry, and chick. Through picture cards and phonetic drills, children identified the 'ch' sound, pronounced the words confidently, and matched each word with its corresponding image.

This interactive activity strengthened their phonics skills, improved vocabulary, and enhanced their ability to recognize beginning consonant blends. The young learners enjoyed the session and actively took part in reading and speaking the 'ch' sound words.
