## “STEPPING TOGETHER TOWARDS EXCELLENCE – PARENTS’ ORIENTATION PROGRAMME 2026-27”

Parents’ Orientation Programme at the commencement of the academic year serves as an excellent prelude to foster a strong bond between the school, parents, and students, all working collectively towards the holistic progress of the child. It offers parents and students a clear understanding of what to anticipate in the upcoming academic session and helps them prepare accordingly.

Keeping this in view, BCM School Chandigarh Road Foundational Stage organised an Orientation Programme for the new entrants of NUR, LKG, and UKG.

The programme commenced with a warm welcome note, followed by the ceremonial lighting of the lamp, symbolising the dispelling of ignorance and the ushering in of knowledge.

Principal Mr. D. P. Guleria presented an insightful overview of the school. He emphasised the importance of nurturing and kindling young minds to enable them to meet global competencies with confidence and resilience.

The School Counsellor, Mr. Sagar, shared valuable parenting tips on the theme “Understanding Your Child’s First Steps into School,” guiding parents on how to support their child during this crucial transition phase.

A comprehensive PPT presentation was delivered by Ms. Anshika and Ms. Simran Singh (Kindergarten Teachers), highlighting the school infrastructure, curricular and co-curricular activities, evaluation system, as well as the teaching methodology and pedagogy adopted at the foundational stage.

Headmistress Ms. Ritu Syal further addressed the gathering and underscored the importance of a nurturing environment and strong collaboration between parents and educators in shaping confident and well-rounded learners.

The Orientation Programme proved to be a sincere effort by the school in empowering parents to guide and support their children effectively. The programme concluded with a formal Vote of Thanks, followed by the National Anthem.

## EXPLORING PUNJABI HERITAGE THROUGH RESEARCH AND FIELDWORK

The completion of my PhD in Punjabi marks a significant and memorable chapter of my life. I pursued my research under the supervision of Dr. Satwant Singh, Assistant Professor at Lovely Professional University. This journey was not limited only to academic progress, but it also gave a new direction to my thinking, my understanding, and my research abilities.

The most important part of my research was fieldwork. During this period, I closely observed the lifestyle of the people of the Puadh region in Punjab. In this region, I collected cultural information from the people of the Puadh area. During this process, I got the opportunity to understand the real meanings of the customs, traditions, and symbols associated with folk culture.

During the fieldwork, I faced several challenges, such as gaining the trust of people and obtaining accurate and authentic information. These challenges made me stronger and deepened my dedication towards research.

I express my heartfelt gratitude to my family and all those who believed in me and supported me throughout this journey.

In the end, I would like to share my knowledge and experiences with my dear students by organizing a seminar in BCM School, with the aim of developing their understanding of Punjabi culture and research. Through this seminar, I also wish to share my PhD experience with fellow teachers.

Thank you.

Dr. Anjali Chhabra
